

Work together with us!

The Aviation Academy is our vision for the future. The Aviation Academy is the aggregate of our education, applied research and continuous cooperation with industry partners. Our focus is to enable the professional on the work floor to excel in their jobs and tasks.

Aviation Bachelor Program with specializations

**Students are the professionals of the future,
and they need you for**

Bachelor's Internships

Graduation Thesis Research Projects

Cooperation with Aviation Academy students can be done in several ways:

Internship & Graduation

The internship assignment and the graduation thesis project.

Other

You can work with us continuously in short cycles or long-term projects where education and research come together.

Got excited and interested in collaborating?
